

- Screened 6 core cable
- PVC Jacket
- -20°C to +80°C range
- Black jacket colour
- Nominal diameter 3.6mm
- Lemo® 7 Pin 1B Male plug connector
- Lemo® 7 Pin 1B Female socket connector
- Lemo® Strain relief
- Length 10m±5%
- Other lengths available

The L7JL7S-100 is a 10m extension cable assembly developed for use with a range of microphones from manufacturers such as Bruel & Kjaer (HBK), Gras, PCB Piezotronics and others using the Lemo® 7 pin 1B connection.

Units include but are not limited to:

- B&K (HBK) 2670 ¼" Microphone Preamplifier
- B&K (HBK) 2669-C ½" Microphone Preamplifier
- B&K (HBK) 2669-L ½" Microphone Preamplifier
- GRAS 26AM ½" Standard Preamplifier
- GRAS 26AS ¼" Standard Preamplifier
- GRAS 26HG ¼" Preamplifier
- GRAS 26AI ½" Preamplifier
- PCB 426A30 ½" Preamplifier
- PCB 426B31 ¼" Preamplifier

Featuring a lightweight 6 core screened cable of just 3.6mm diameter which keeps the mass of even long cables down to a manageable level.

Kemo uses only genuine Lemo® parts including the required strain relief connected to the Z nut version of the connectors.

Other cable lengths are available, please enquire for stock availability.

Lemo® is a registered trademark of Lemo S.A. Switzerland, only genuine Lemo products used.

Due to continued product development Kemo Limited reserve the right to change specification without notice.
